

## More qualifications equals more pay?

The table below has a list of jobs in the building and construction industry. Which jobs do you think have the highest starting pay? Rank the jobs from 1 to 9, 1 for the lowest starting pay and 9 for the highest.

Job Title	Rank	£10,000	£11,000	£12,000	£13,000	£14,000	£15,000	£16,000	£17,000	£18,000	£19,000	£20,000	£21,000	£22,000	£23,000	£24,000	£25,000	£26,000	£27,000	£28,000	£29,000	£30,000	Exam level	
Building labourer																								
Painter and decorator																								
Bricklayer																								
Plumber																								
Electrician																								
Building surveyor																								
Architectural technologist																								
Town planner																								
Architect																								

Now find the jobs in Jed.

For each job shade in the boxes to show the starting salary or wages for new workers or trainees. In most cases this will be a range of pay.

For each job also look up the exam level needed. This will be either No exams, Foundation, Intermediate, Advanced, Higher Certificate, or Degree level. (Tip – this is in the Suit's me section)

Discuss your results to decide whether the title for this activity is true or not.

Are there other reasons why people work, apart from being paid?

## More qualifications equals more pay?
