Getting to know JED. Part 1 – The job record

From the JED Main menu click 'Search jobs' and then the letter D. Choose one of the jobs and look at the job record.

Which job title did you choose?

The first part of the job record is 'The job'. This tells you what people do in this job.

List three things that this worker does.

1. _____

2. _____

3. _____

Look at the 'Details' section. List two places where you might work in this job.

Look at the 'Money plus' section. How much could you get paid when you first start this job?

List two transferable skills that you can learn in this job.

Look at the 'Training & tips' section. Does it tell you about exams you might need for this job? If so, name one of them.

What does JED suggest you could do for work experience?

Look at the 'Suits me' section. Under 'Qualities', find two things you need to be good at to do this job.

From 'Find out more', write down one contact where you can get more information about this job.

Look at the 'More jobs' section. List two jobs that are similar to this one.

Also from the 'More jobs' section, write down which job group the job belongs in.

If this job record has a video, watch the clip. Name one skill that the worker says is important for the job.
